

Saint Ann School's Summer Reading Program!

Dear Families,

The past year and a half St. Ann School has used an innovative reading program, Accelerated Reader, that helps students improve their reading comprehension. Students independently read a book within their reading level and then take a quiz over the book. Each book is worth a certain amount of points. The larger the book, the more points it is worth. Students have been given a summer reading points goal. During the summer, students will read books within their level and then take online quizzes. Students should **NOT** use their books while taking the quiz. Students are also given a goal of achieving an 80% or above average on their reading quizzes.

Students who reach their point and quiz average goal will be rewarded with 3 dress down days in the 2017-2018 school year! This will be your student's first reading grade in the 2017-2018 school year. Students will have from June 7th, 2017- August 25th, 2017. Your child can take quizzes on tablets, computers, or phones. Students can visit the library any time to take quizzes, or even call the school office and take quizzes at school.

To take a quiz, students go to <https://hosted405.renlearn.com/180725>. A link to the website can be found at www.stanncrusaders.org. Once students have logged in, they click "Take a Quiz" which can be found in the orange boxes. Students type in the title of the book, find the correct one, and click "Take Quiz." After students finish the quiz, they will see their percentage and how many points they earned. Students can click "Print Tops Report" to see their quiz average and total points earned for the summer.

To find the level of a book, students go to <http://www.arbookfind.com>. Once there, students type in the title of the book they want to read. Next to "BL" is the level of the book.

If you have any questions please feel free to contact Ms. Fox at kfox@stanncrusaders.org.

Happy reading!
