

# TEAM 7 NEWSLETTER

## Content:

**Reading:** This month, students are wrapping up research for their persuasive essay and will continue working on their writing craft by putting together their essay with persuasive language. Student will conclude Unit 4 in reading by tracing and evaluating the strength of an author's argument.

**Math:** In topic 3, students have been working with similar figures. Students have identified relationships between side lengths and angle measures in similar figures. Students will finish up topic 3 and begin Topic 4 this month!

**Social Studies:** In social studies, seventh graders have continued to examine the cause and effect of the events of the American Revolution. By thoroughly exploring primary sources and evidence, delving into multiple perspectives, and challenging themselves to look at complex issues in colonial America, students are able to witness firsthand the beginnings of a nation!
